Driven by challenge, Inderpal joined BC PSLs in 2006 and has over two decades of experience in information systems design and infrastructure, working in both Fortune 500 and smaller firms. His extensive history with BC PSLs has given him an appreciation for the overarching vision of the system and an in-depth understanding of the technical resources needed to successfully deliver BC PSLs across BC Health Authorities.

In his role as Senior Technical Manager, he oversees the technical infrastructure, system upgrades, new implementations, architecting, and improving analytical solutions. Inderpal collaborates with PHSA Information Systems, BC Clinical and Support Services (BCCSS), and technology vendors to provide technical expertise to Central Office, stakeholders in BC, and other jurisdictions across Canada.

Inderpal earned a Bachelor's degree in Chemistry from Mumbai University.
