Jesse joined BC PSLs in 2011 as Business Development & Information Systems Analyst, and was appointed Project Manager in August 2015. He is responsible for managing the technical requirements for several BC PSLs projects, and provides dynamic, comprehensive technical expertise to BC PSLs Coordinators, senior leaders and business analysts at BC Health Authorities. He also supports BC PSLs Analytics and the implementation of new modules and tools.

Jesse earned a Computer Information Systems degree from Mount Royal University. Before joining BC PSLs, he worked as a Consultant with Deloitte for four and half years in Technology Integration and Strategy with a focus on the healthcare sector. During his time with Deloitte, Jesse participated in and led several projects to support the implementation of BC PSLs in BC, Alberta and Eastern Health.
