

BCPSLS New! Narcotic Count Discrepancy Report Form

For BC PSLs Reporters & Handlers

Go Live February 14th, 2014

What is changing?

On February 14th, 2014, BC PSLs will offer a new form for Health Authorities who use our system to report a Narcotic Count Discrepancy.

What do I need to know?

Reporters who **currently report** narcotic count discrepancies in BC PSLs can now do so using the new specialized report form.

Reporters who **DO NOT** currently report narcotic count discrepancies in BC PSLs or use reporting forms in addition to BC PSLs should continue to use the existing process in their Health Authority.

Why is this change happening?

Our goals are to make it easier and faster for Reporters to report narcotic count discrepancies, and to improve data quality.

Where can I find more information?

Visit our website www.bcpsls.ca or contact the BC PSLs Coordinator at your Health Authority.
